## Tuesday, 3rd of August

### president opening speech

Hello

As First President of the WFIS I would like to welcome you all to this years Euro camp.

We are gathered together as Scouts of the world bonded as one by our law and promise. In 1934 "The Scout" magazine offered this thought to its readers.

Have you ever wondered what the word SCOUT spells and means?

It is quite worth remembering  
- S is for smartness  
- C is for courtesy  
- O is for obedience  
- U is for usefulness  
- T is for trustworthiness  
I hope that every Scout will carry out these points in his daily work

How true those words still ring over 100 years later and if we each apply them to the rest of this camp we will all have an experience to be remembered; if we each apply them to the rest of our lives we will have touched and im-

proved the lives of millions. The theme of this camp is the medieval knights who through their courtesy and bold actions (the camp motto) spread peace and offered protection wherever they travelled

We are divided into sub camps with names of the knights of the round table and meaning of SCOUT was part of a knights code of honour  
I would ask that in every activity that you take part in; that every game you play and in every communication you have during this camp, you would keep this code of honour in the front of your mind.

Throughout history the stories of knightly courage have been shrouded in the beauty of the medieval landscapes they travelled and I would like to leave this thought for all scouts  
Written by BP in 1927  
"Life without appreciati-

on of beauty is like a dull day without sunshine" It would appear that we have been blessed with sunshine (for the start of this camp at least) so please appreciate the beauty that surrounds us in this area and ensure it remains a beautiful site for the local villagers

And finally there is a note written in "The Scouter" in 1909 which should give hope to all you leaders out there and it should make us all realise that over the years many of the opportunities and challenges in Scouting have been the same  
"The man who holds the average boys attention for more than seven minutes is a genius"

I think I am close to that so I will stop speaking now  
Please enjoy the camp and I look forward to meeting and speaking with you all over the next few days.  
KLAUS

lost and found

money, hats, jackets, caps, drinking bottles, blankets, mobile phones, t-shirts, knives, socks, an identity card of Madrid and an health insurance card (Italy) has been found during the last days. These things can be collected at Camp Office.

Pioneering

Yesterday, all rovers/ pioneers of each subcamp had to build constructions for the medieval - Games. Tristram had to build a pulley game, Gallahad built an obstacle course Percival a water carrying game

Lancelot a catapult For the Pulley Game nearly 100 Scouts from Tristram arrived and after a bit of chaos they organized into smaller groups. Because of this they could not build one construction, so they built 2 pulley-

games. Afterwards they played the games and bonded. In that spirit the team that was originally assigned to build a tower got help from all the other groups. This is what scouting is about.

The Knighting of the Cubs

The cubs assembled in front of the knights hall at 10 am for a day full of workshops and games. The atmosphere between the cubs was warmed up with a little game. Then the fun re-

ally started. They painted shields, made knife sheaths and arm bracers to complete their knights costumes. A three legged race, collected pine cones, acorns and looked unsuccessfully for strawberries, ...

Quote of the day

„Nothing but heaven itself is better than a friend who is really a friend.“

We need Photos!!! and articles of course. We want to fill the next „Knightly News“ with a lot of interesting stuff from you and for you. So if you have got ideas, come to us. *Every day after dinner at the staff tent.*

Are you a tough Scout, does nothing frighten you and are you searching for adventure?!

You should join the Night-guard!

We need volunteers for two hours a night over 16 years old until 24:00h afterwards you must be over 18. So what are you waiting for?? Sign up at the Camp Office.
