All about food

At the heart of every successful camp is camp food.

It needs to be healthy, well balanced, nutritious, delicious, safely prepared and sufficiently filling to give active Wolf Cubs, Scouts and Scouters the energy to enjoy a great outdoor experience.

That's why for Eurocamp18 we have selected a catering company that is used to cooking for massive outdoor events, including the 2012 London Olympics, large music festivals, major businesses, and a whole variety of fairs and shows. They understand the importance of food in a successful event, and are partnering us to deliver just what we need.

Where will food be served?

The Eurocamp18 site has a large building normally used at agricultural shows, and this will become the Eurocamp18 dining room, which will seat up to 800 people at a time. Food will be served in a number of sittings.

This room will also be used to house the coffee shop, and as one of the venues for evening entertainment, and as the home of the adults bar - The George and Dragon.

Open Mic Night

Breaking news - Rock ASIM from Spain are the first to volunteer to entertain us - they take popular Scouting songs and play them in a rock style, like you've never experienced before. See them on YouTube here [Rock ASIM on YouTube](#)

And in complete contrast, we are hoping that our own Cat Dove, a local Rover Scout, will also play [Cat Dove on YouTube](#)

If you have an act that you would like to bring to the stage on open mic night, then just let us know.
