WHAT SCOUT GROUPS HAVE BEEN DOING DURING THE CHALLENGES POSED BY COVID?

Our group, the 1st Dullingham and Stetchworth B-P Scout Group in Cambridgeshire UK, has been busy! Our Scout troop was meeting almost every week for almost a year on Zoom with very good attendances, and the Wolf Cubs also conducted their meetings this way, every two weeks. We held a Scout camp at home, and had a meeting with Scouts in Japan, also on Zoom.

We had a lot of quizzes and competitions on Zoom, and even had an Escape Room competition.

When we were able to meet face to face it had to be outdoors, spaced 2m apart and wearing masks.

Lighting fires and eating food is a challenge but we managed it!

The Rover Crew had some hikes with other independent crews, and we recently invested two Rovers who started in Scouting as Beavers in our group at the age of 5 years old - they are now 18 years!

Last year was very important for us as we celebrated 100 years since we were founded as a Scout group in 1920. Unfortunately we could not celebrate in the way we would have wished, but we had a special badge designed for all current members of the group, and we look forward to greater freedoms very soon.

SORCERERS
IN TRHONICE

The summer had come again and with it, it was the time for another traditional scout tent-based camp in Trhonice near Jimramov. Experiences don't wait at home and that's why it is important to step outside, go outdoors with other scouts, where abundance of opportunities for real adventures is present. This year's camp was exceptional and different from previous years. The focus was on the youngest cubs and the program was tailored especially for them.

While becoming sorcerers for a few days, the cubs found themselves in a fantasy world similar to the one described by the famous Polish writer Andrzej Sapkowski. This world full of classic magic at first sight, was actually based on many traditional

Slavic cultural references such as legends and fairy tales. In this world, the sorcerers operating as bounty hunters often fought various monsters. The heroes had to choose between good and evil.

As newcomers, cubs had to go through difficult trials to become true sorcerers. This training included outdoor scout survival skills such as working with fire, sleeping

in nature, recognising plants and animals, knotting, knowledge of encryption and many more. In order to avoid reducing program to learning new skills only, it was also supplemented with sessions of practicing mastering the softened swords by the young sorcerers. All this culminated within a storyline, which was presented in the form of fictional scenes, battles, night games

or two-day trips. The atmosphere of the Sorcerers' world was also underlined by well-crafted costumes and props.

But scout camp is not just about having fun. Each of the four patrols had their duties through the days and nights, such as washing the dishes during the morning kitchen preparations, they were in charge of writing the chronicle and in the nights they had to guard the camp. It was incredible to watch how even the youngest six-to-seven-year-old cubs managed. Not only they completed all their tasks, but they were very keen to take on a night guarning shifts.

Overall, the sorcerers camp was one of the best ones in recent years. For twelve days, the scout atmosphere filled the local forests with laughter and great experiences, which is something the cubs will remember and carry on not only on their journey through scouting, but also throughout their whole lives. For that, I thank all the scouters from Jevicko and Moravska Trebova who participated in the preparations and managing the camp itself.

GIRL-SCOUT CAMPERS VISITED HOGWARTS SCHOOL

COVID did not stop us again this year, and we successfully set up at our camp near the mill in Trhonice. This year's camp has had a completely different atmosphere than ever before, maybe it was because we hadn't seen each other for the whole COVID year, or perhaps it was due to the fact that our campers had been accepted the school of spells and magic at Hogwarts. For 11 days we became witches and sorceresses, and together we defeated the messengers of Voldermort.

In addition to fulfilling their duties for the magic school, the girls were also responsible for other things. There was a lot of scout activities. This year, many of them were enjoying themselves by chopping splitters for kindling or even lighting a fire with a firelock. Building

shelters and spending the night in it was also popular. Everyone also tried shooting from an air rifle. One would think that such things are for boys only, but this is not the case at scouts. What boys can do, us girls can do as well. Scout practice is very diverse and brings invaluable experience to a regular life. I know from my own personal experience that I use and will continue using what I have learnt in the Scouts. What I mean to say is that the scout camp is not just about games and fun, but also teaches independence and responsibility for myself and for the others. Finally, I would say that the camp was very successful and all the campers left full of impressions, full of energy and motivation for further activities with us in our girl-scout troop.

EXPEDITION PREVIS 2021

In the second half of July, we went on a five-day trip to Bohemian Switzerland.

Although it rained during the most of our journey, we enjoyed the trip a lot and walked 85 km from Hřensko to Děčín. We slept under the overhangs every single night. We made our way through the most interesting places of the national park and amongst the others, we visited the following places: Pravčická brána, Dolský mlýn, Mariina vyhlídka, Vileminina stěna, Dutý kámen, Falkenštejn, Tokáň, Úzké schody, Stříbrný a Zlatý vrch, Jehla, Pekelský důl, Ponorka, Sluneční brána, Růžová, Spálenisko, Labská stráž, Sněžnická a Stoliční hora.

LET'S START
AGAIN!

Soon this exemplary summer will be over, which means that our weekly meetings will begin once again, with prospects for the remaining camps and tournaments of this year. A lot of scouts, no matter branch or group, can now look forward to participating in larger activities and camps. This is now possible, because the covid-19 situation has lowered the restrictions to a point where everybody assesses it's now safe to meet again.

We can, as scouts, be happy about the low level of restrictions we have in Denmark, compared to other countries in the EU, that have been forced to introduce much stricter rules and guidelines. Therefore, for a short period we were forced to completely stop our weekly scout meetings, and shortly after be able to open again for a smaller crowd of up to ten people.

For our bigger groups, some separation was needed to ensure only crowds of ten people were always gathered. This put a lot of strain on the leaders but through a lot

of dedication, communication and team effort, everything was handled and was quickly resolved.

In the last year and a half covid-19 has been above us, and therefore has a lot of trips, camps and meetings been postponed or cancelled, but the individual group has still been

able to go on day trips, and smaller local meetings, to maintain the scouting spirit. A lot of summer camps have been affected by covid-19, but instead of postponing

or canceling, every group has found their own creative way of filling in the blank space covid-19 have left in the usual schedule. All groups have their own traditions for summer camps, as an example, Jens Langkniv Group holds “Langkniv games”, and Frederiksborg Trop holds scout triathlon. One of the most important things about summer camps is bringing all ages together, through activities and competitions.

We have under the Covid-19 pandemic been equipped with new methods and learnt to handle unpredictable situations very well. If we look back today, it has been a patient and educational process, to get all the puzzle pieces to fall into place. Many new initiatives and creative ideas have been taken into accord, for example virtual meetings, and video recordings of scout work. Under this difficult time everybody has felt the importance of unity and community, and value of communication and teamwork.

A.S.C.I. ESPLORATORI E GUIDE D'ITALIA TRAINING CAMP

From 31 July to 07 August 2021 A.S.C.I. Esploratori e Guide d'Italia planned and took part in the preliminary school camp at the BROWNSEA scout base in Ripatransone.

The training camp had 25 students and instructors attending, from 6 different Italian regions.

In spite of the difficulties of COVID, ASCI also strongly supported this training event, which was crowned by the success of all the participating students. The Leaders' staff that made the event possible was composed of the A.S.C.I. L.T. Gennaro Limatola (Grottammare - AP),

assisted on the spot by A.L.T. camp chief Stefano Mantovan (Merano - BZ) and A.L.T. instructors Riccardo Pettoello (Iseo - BS) and W.B. Giulia Neri (Valdelsa - SI).

Present at the camp were W.B. leaders Lucia Limatola, W.B. Bernardo Salvestrini, W.B. Sandra Filanti and Marco Gianfelici. Our thanks go to all of them and to Beppe who took care of the galley for the success of the camp.

The A.S.C.I. has the following training steps for Leaders

- **Preliminary course** (8 days; qualification: Helping Section Leader)
- **Technical course** (8 days; qualification: Section Leader)

•**Personal thesis** (qualification: Leader W.B.).

The A.S.C.I. School Camps can also be attended by non-members and cover both methodological and technical-practical topics.

Taking up the invitation launched at the last General Assembly, the last evening of the camp was an opportunity to celebrate all together with a cake for the first 25 years of the WFIS.

We couldn't think of a better way to feel part of the great Scout brotherhood.

A.S.C.I. sends a welcoming invitation to the next training event.

Feedback from a participant student:

“Leaving from our scout headquarters with our red and white scarf, we arrived on Saturday 31 July 2021 at the base in Ripatransone. We were 6 students curious to participate at the ASCI Preliminary Course. Our leaders had told us that it would be an intense week but full of fun, friendship and formative moments useful to improve our service. And so it was! Even though the safety regulations for Covid-19 put a strain on our trainers, we were able to enjoy the camp to the full and return home with

our backpacks full of many notions and experiences that we are sure will be very useful to us sooner or later. The great thing about the School Camp was also that we got to experience it together with other students from other parts of Italy, compare different traditions and share experiences. We hope that the 2nd part of the school camp can be as much fun, exciting and at the same time rich in values and scout experiences.”

A SPECIAL GOOD TURN

In Summer 2021 a terrible Flood struck many villages along the small river Ahr in the Western part of Germany. 180 persons – among them many children – lost their lives within a only few hours. The flood was rising so fast, that some people did not have a chance to leave their cars or houses and found themselves trapped in the disaster, where many of them died.

A member of the Solmser Pfadfinderschaft – for many years in various leadership and trainer functions – had moved a few years ago to a village now less than 10 kilometers away from those villages. Her village is located a little higher up and thus hadn't been hit by the flood.

Immediately she started activities to help the people in trouble, who had no food, no electricity, non net for their cellphones and many even no more home. Some villages were even totally cut-off, as roads were destroyed.

SOLMSER PFADFINDERSCHAFT
<http://www.solmser-pfadfinderschaft.de/>
facebook
Solmser Pfadfinderschaft

A call for help reached the Solmser Pfadfinderschaft the very next day, and immediately a help-project was started, which we never had in the 60 years of our scouting-existence.

All (active and passive) members were informed and many of them passed the call to their friends, families and neighbours.

A coordination spot was set-up and while here the telephone didn't stand still, scouts and other people lined-up bringing material, which was highly needed in the flood area: Shovels, rubber-boots, gascookers and gasbottles, blankets etc. Adult scouts living in other areas started collections of material in their hometowns, among which were urgently needed power-generators.

Within 8 hours, two VW vans with trailers were packed to the roof and left with several adult scouts for the flood region. The first money – 500 Euro from the penny activities of the Solmsers – went along with them. In

the area hit the most people couldn't get medicine, as all but one pharmacies were impacted by the flood and no doctor could issue recipes. People who needed their medicine urgently had to line up in front of the only pharmacy still able to operate. However, most of these people didn't have money for obvious reasons. As the owner of the pharmacy was a scout himself, he trusted the scout word of the Solmserscout at the scene that the money was on its way – so the first financial help was spent well before the money arrived.

For many days more than 1000 hot meals were prepared and distributed every day! While the adult scouts (one brought even his own to help) started immediately to assist the people and distribute the collected material where it was needed the most, scouts at home continued to collect staff – now including food – and published articles in the regional newspapers. This was the point where money began to come in. As we could guarantee that every

Cent would be handed over to the scout coordinator at the scene and from her directly to the people in need (without money taken away for administrative costs as it was the case in other fund-raising), people preferred to give their donations to us. An astonishing amount of € 8.770.- (including donations from WFIS scouts from other countries) came together within a week and was handed over personally the next weekend. This time, even parents of Solmserscouts went along with the material and money to help personally in the villages.

But unfortunately this was the temporary end of personal help. So many volunteers from all over Germany had come to the region to help, that roads were blocked by their cars and the trucks coordinated by the now commencing government catastrophe help couldn't pass through.

Plans for the future, however, have been made and as soon as we know what the people will need, phase 2 will start with collection of the relevant material. Money collection continues in the meantime.

Groß ist die Zerstörung im Ahrtal und die Hilfe aus Laubach wird dringend benötigt.

Solmser Pfadfinder unterstützen Hilfsnetzwerk im Ahrtal

Laubach (mt). Zwei Tage nach der Flutkatastrophe im Ahrtal erreichte die Leitung der Solmser Pfadfinderschaft ein Hilferuf einer ihrer Pfadfinderinnen und ehemalige Gruppenleiterin Lizzy Mick aus dem Ahrtal. Zusammen mit ihrer Lebensgefährtin Missy Motown und der ganzen Dorfgemeinschaft in Krälingen (ein Dorf mit 200 Einwohnern) hatte man sofort einen Helferhotspot aufgebaut. Krälingen selbst war nicht betroffen, aber nahe gelegenen Ortschaften wie Mayschoß, Laach, Dernau und Reimerzhoven.

Innerhalb von 24 Stunden hatten die Mitglieder der Solmser Pfadfinderschaft mit Familien, Freunden und Bekannten die ersten dringend erbetenen Sachspenden wie Gasflaschen, Gaskocher, Aggregate, Trockner, Schaufeln und Gummistiefel zusammengetragen und die ersten drei Fahrzeuge transportierten sie ins Ahrtal. Auch am darauffolgenden Wochenende war der nächste Sachspendenbus mit Helfern der Solmser Pfadfinderschaft, darunter auch Eltern und Freunden, in Krälingen. Die Fahrer blieben für ein paar Tage vor Ort und packten bei den Aufräumarbeiten an.

Lizzy Micks schreibt: »Liebe hilfsbereite Laubacher und Nicht-Laubacher, Vielen herzlichen Dank für Eure großzügigen Spenden an die betroffenen Flutopfer aus dem Ahrtal. Über die Solmser Pfadfinderschaft

Die Solmser Pfadfinder unterstützen den Aufbau in den Flutgebieten.

ist eine riesige Summe zusammengeworfen, mit der wir vor Ort wirklich effektiv helfen können.

Wir sind Missy und Lizzy und betreiben ein kleines Café am Rande des Ahrtals. Wir selbst blieben von der Flutkatastrophe verschont, haben aber von der ersten Stunde an hautnah mitbekommen, wie viel Schrecken, Leid und Verluste so viele Menschen um uns herum erleben mussten. Wir konnten nicht anders als augenblicklich zu helfen – und innerhalb weniger Tage hat sich uns fast unser ganzes Dorf Krälingen angeschlossen. So konnten wir zwei Wochen lang Sachspenden sammeln und verteilen, Helfereinsätze koordinieren, medizinische und psychologische

Hilfe sicherstellen und täglich für etwa 1.000 Personen warme Mahlzeiten anbieten.

Mit dem gesammelten Geld werden wir zu 100 Prozent betroffene Menschen vor Ort unterstützen, die beispielsweise keinen Versicherungsschutz haben oder sich ihre gesamte Existenz neu aufbauen müssen.

Herzlichst Gut Pfad!

Der Aufruf nach Geldspenden erbrachte bis heute über 8.500 Euro, die sofort an das Hilfsnetzwerk weitergeleitet wurden.

Vielen Dank sagen die Solmser Pfadfinder an alle Spender, die zu dieser unglaublichen Summe und den dringend benötigten Sachspenden beigetragen haben.
